June 2008

Side Roads From the Editor:

May is Motorcycle Safety Awareness Month

Even though this is a late reminder, it's still a good reminder. Annually, the month of May is recognized as Motorcycle Awareness month. It is recognized by the state of Montana and on a national level.

With rising prices of fuel, there will be more motorcycles and scooters out there. If you do not know how to ride very well, please sign up for the motorcycle safety classes the state puts on in your area. If you know or think you know how to ride, take the course also; you will learn something you don't know.

For the general population of people who drive cars and trucks, please be aware of the motorcyclists out there. We are so tired of hearing that you don't see us. Please drive alert. Thank you.

Questions and Answers from an AARP Forum Submitted by Goldie Siemens

Q: Where can men over the age of 60 find younger, sexy women who are interested in them?

A: Try a bookstore-----under fiction.

Q: What can a man do while his wife is going through menopause?

A: Keep busy. If you're handy with tools, you can finish the basement. When you are done you will have a place to live.

Q: Someone has told me that menopause is mentioned in the Bible. Is that true? Where can it be found?

A: Yes. Matthew 14:92: "And Mary rode Joseph's ass all the way to Egypt."

Q: How can you increase the heart rate of your 60+ year old husband?

A: Tell him you're pregnant.

Q: How can you avoid that terrible curse of the elderly-----wrinkles?

A: Take off your glasses

Q: Seriously! What can I do for these crow's feet and all those wrinkles on my face?

A: Go braless. It will usually pull them out.

Q: Why should 60+ year old people use valet parking?

A: Valets don't forget where they park your car.

Q: Is it common for 60+ year olds to have problems with short term memory storage?

A: Storing memory is not a problem, retrieving it is a problem.

Q: As people age, do they sleep more soundly?

A: Yes, but usually in the afternoon.

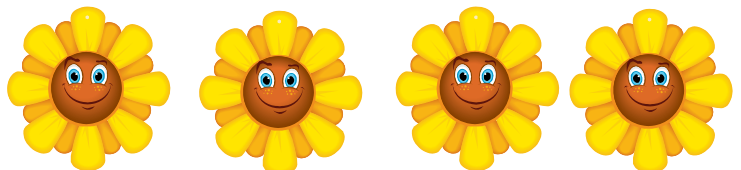

Q: Where should 60+ year olds look for eye glasses?

A: On their foreheads.

Q: What is the most common remark made by 60+ year olds when they enter antique stores?

A: "Gosh, I remember these."

SMILE, You've still got your sense of humor, right?

Enjoy your summer!

To all Rain Makers:

Having belonged to the Rain Makers MC Club for quite a few years and I think I have ridden on every ride at one time or another, I would like to point out to the club members that our ride to Nye was at long last a NEW ride. I know we have ridden to that area many times in the past but Dave DeBoer was able to make a new ride out of this very great old ride. Dave was able to find a really nice eating place for our lunch stop which most members on the ride had never stopped at.

I would like to point out to the sponsors of our rides that this is what pre riding a ride can do. It is just one way of making a really great new ride out of an old ride. With very little work and time involved, the Bug Gut contest made this ride just that much better. We were able to add a few bucks to the club treasury and to the winners pockets. My only problem with the Bug Gut contest was that the ride sponsors bike won the Bug Gut money, but I guess the sticker was Karen's so that makes it all right. For those not able to make the ride I must say you missed what I would consider a really good ride, a ride that would exemplify what the Rain Makers MC Club is all about. Great ride Dave and well done.

Jack

Stronger Bones for Men

By Dr. Isadore Rosenfeld

Many people associate osteoporosis only with women, but men also are vulnerable to brittle bones. Two million men in this county have the disease, and 12 million more are at risk. Causes include:

- Steroids taken to treat asthma or arthritis.
- Long-term use of antacids containing aluminum.
- Low levels of sex hormones.
- Too much Thyroid hormone.
- Smoking.
- Too much alcohol.
- Lack of exercise.
- Inadequate dietary calcium.
- Heredity.

In addition to correcting any of the lifestyle factors above, men 50 and over should take 1200 mg of calcium and at least 800 I.U. of vitamin D3 every day. You should suspect osteoporosis if you suddenly develop back pain, find you are shorter than you used to be or if your bones fracture easily.

Some but not all of the medications prescribed for osteoporosis in women are also effective in men. These include two of the pills that combat bone loss and a daily injection that builds bone density. If you think you may be at risk, ask your physician to evaluate you and discuss the best course of action.
